Maha govt forms committee to cap prices of masks & sanitizers

State govt asks committee to submit a report within three days

SANJAY JOG / Mumba

The Maharashtra Government has set up a four member committee headed by the Sudhakar Shinde, who is the CEO of Mahatma Jyotiba Phule Jan Aarogya Yojana to make recommendations to cap the prices of masks and sanitizers. The government move comes after it received multiple complaints with regard to sale of masks and sanitizers at inflated rates during the ongoing Covid 19 crisis.

The state government on Friday issued a notification. The government has asked the committee to submit a report within three days and thereafter the Department of Medical Education and Drugs will issue directives capping the prices of masks and sanitizers.

The Department of Medical Education and Drugs Officer told Free Press Journal that the prices of masks and sanitizers were regulated by the Centre after the lockdown was announced in March. However, the Centre removed masks and sanitizers from the category of essential commodity through an order released on June 30. "The state government

However, the government received complaints about the sale of these two products at higher prices. Therefore, the decision was jointly taken by the departments of public health and Food and Drug Administration to form the committee and later urge the Department of Medical Education and Drugs to cap the prices," he noted.

Free Press Journal had reported on July 7 the government's intent to cap the prices of

1. The above financial results were reviewed and recommended by the Audit Committee and were approved by the Board of Directors at its meeting held on July 31, 2020.

2. This statement has been prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standard) (Amendment) Rules, 2016. Due to change in tax rate applicable to the company from 34.944% to 25.17 %, the deferred tax liability recognised in previous periods has reduced from ₹ 9421.33 lakhs to ₹ 6869.55 lakhs. Consequently deferred tax liability

amounting to ₹2551.78 Lakhs has been reversed. 4. In March 2020, the World Health Organization declared COVID-19 a global pandemic. Consequent to this, Government of India declared a nation - wide lockdown from March 24, 2020, Which has impacted normal

business operations of the company. The company has assessed the impact of this pandemic on its business operations and has considered all relevant internal and external information available up to the date of approval of these financial results, to determine the impact on the company's revenue from operations for foreseeable future and the recoverability and carrying value of certain assets such as property, plant and equipment, investments, inventories and trade receivables. The Impact of Covid 19 pandemic on the overall economic environment being uncertain may affect the underlying assumptions and estimates used to prepare company's financial results, which may differ from that considered as at the date of approval or these financials results. The Company has resumed its business activities and has taken steps to strengthen its liquidity position. However the Company does not anticipate any challenges in its ability to continue as going concern or meeting its financial obligations. As the situation is unprecedented, while the lockdown is gradually lifting, the company is yet closely monitoring the situation as it evolves in the future.

The company had given inter-corporate loans of Rs. 6706 Lakhs in earlier years. The company has secured its exposure by creating equitable mortgage, however interest accrued and past due amounting to Rs. 1031.27 lakhs for the year ended March 2020 has not been paid by the borrower. Board of Directors in its meeting dated July 31, 2020 have approved to create provision for expected credit loss on total exposure. Accordingly, the company has estimated the realizable value of the securities based upon independent valuer's report dated June 30, 2020, using effective interest rate of the company for an estimated realization period of 1.5 years from the reporting date. The Expected credit loss allowance of Rs. 1856.62 lakhs has been provided during the year. Further, Board has decided to initiate action to recover the dues and also obtain valuation of securities from

The company had given interest bearing capital advance of Rs. 3000 Lakhs in earlier year in relation to development of its immovable property situated at Thane. However in view of ongoing commercial negotiation with respect to fulfillment of the terms of the contract, management feels that the Company may have to enter into a compromise arrangement and pay compensation to the contract. The contract management feels that the Company may have to enter into a compromise arrangement and pay compensation to the contract. in its meeting dated July 31, 2020 have approved to make provision of Rs. 300 Lakhs towards estimated compensation. In view of the uncertainty regarding outcome of the negotiation, the Board of Directors decided that the company shall not accrue interest for the financial year ended March 31, 2020 amounting to Rs. 421.15 lakhs and also make provision for the outstanding interest as on March 31, 2019 amounting to Rs. 153.91 lakhs. The wholly owned subsidiary of the company, Wintal Machines Srl., Italy, have been incurring losses since the last several years. While the losses are duly incorporated in the consolidated accounts for the period, the company has

decided that the business of Wintal Machines Srl. would be run as division of the company. The Company has already provided for entire value of investment in the stand alone profit and loss account of the company. Due to prevailing Covid 19 situation all across, wherein Italy is one of the worst hit countries, we were unable to obtain audited accounts from Wintal Machines Limited for year ending on March 31, 2020. Hence, Company has used unaudited accounts for the purpose of consolidation. In the opinion of the management, the audited financials results of the subsidiary will not materially differ from the financial information certified by the management and included in the consolidated financial results of the company. The holding Company does not anticipate significant challenges in the subsidiary's ability to continue as a going concern.

By virtue of an Investment Agreement dated February 2, 2018 between Windsor Machines Limited (the Company) and RCube Energy Storage Systems Private Limited ("RCube")(earlier know as RCube Energy Storage Systems LLP), the Company has acquired a right to appoint majority Directors on the Board of RCube and have acquire stake of 55% by agreeing to invest total amount of Rs. 16.50 Cr. Out of which the Company has invested Rs. 9.19 Cr. in RCube till March 31, 2020. The Board of Directors has reviewed the technical viability and developments/progress of whole project and decided to restrict its investment upto 9.19 Cr. only as on March 31, 2020. Due to this decision, stake of the Company has been diluted from 55% to 44.69% as on March 31, 2020. However, by virtue of above mentioned Investment Agreement RCube is a subsidiary Company of Windsor Machines Limited and its accounts have been consolidated with the accounts of the Company for the year ended on March 31, 2020.
